

ADIS HUQI

Student

@ hugiadis@gmail.com | 0699661428 | Durres, Albania

EDUCATION:

CANADIAN INSTITUTE OF TECHNOLOGY (CIT)
2026–2028
Master's Degree in
Software Engineering

WESTERN BALKANS UNIVERSITY
2023 –2026
Bachelor Degree in
Software Engineering

IBRAHIM KODIA HIGH SCHOOL
2020 –2023
High School Diploma

TECH SKILLS:

- Programming languages: Java, Python, JavaScript, TypeScript, Dart
- Frameworks and libraries: React, Node.js, Express.js, Flutter
- Web development: HTML, CSS
- Databases: MySQL, MongoDB, Supabase
- Tools: Microsoft Excel, Word, PowerPoint
- Other: Social media management

SOFT SKILLS:

- Time Management
- Good Communication
- Teamwork
- Problem-solving
- Strong Work Ethic
- Familiar with Agile methodologies and the Scrum framework

LANGUAGE:

- Albanian —Native
- English — C1

RELEVANT PROJECTS - https://adishuqi.site

ASIS TAXI | React, TypeScript, Supabase, Firebase, Google Maps API, Clerk, Capacitor, Android Studio, Google Play Console, POK

- *Website*: Developed customer, driver, and admin interfaces with taxi booking, live tracking, automated dispatch, fare calculation, online payments, and customer-driver chat. https://asistaxi.com
- *Customer App*: Built an Android app for booking rides, tracking drivers, making payments, and receiving push notifications.
- *Driver App*: Built an Android app for accepting rides, managing availability, sharing live location, and communicating with customers.

FitShop | React, TypeScript, Node.js, Express.js, MongoDB

- Contributed to a full-stack fitness e-commerce platform with secure authentication and product management.
- Built features for order tracking, customer reviews, and an AI fitness assistant, along with administrative tools.

AnticoEvent – Event Ticketing System | Flutter, Node.js, MySQL

- Developed a cross-platform event ticketing application with a mobile app and web administration panel

Market Management App | React, TypeScript, Supabase

- Built an app for managing products, adding items to customer bills, and recording purchases.
- Connected the app to a fiscal cash register (kasa fiskale) to print customer receipts.

EXPERIENCE:

SOFTWARE DEVELOPMENT INTERN - OCT 2025 - FEB 2026
Western Balkans University – IToffice

- Developed full-stack web applications, including GRUD systems and a university student management system, using Laravel, PHP, MySQL, JavaScript, Tailwind CSS, and Git.

QA TESTER (FREELANCE) - NOV 2024 - FEB 2025
Test.io

- Performed manual testing for web and mobile applications, identifying and reporting software bugs to improve overall application quality.

SOCIAL MEDIA ADMIN - 2021 – MAY 2026
Peredisaggezza , Cose Incredibili (Freelance)

- Planned, created, and managed content for multiple social media pages while driving audience engagement and ensuring compliance with platform guidelines.
